WEDDING PHOTOGRAPHER POLICY

The Minister of First United Methodist Church consider the wedding ceremony to be sacred and thus the following policy was implemented.

First United Methodist Church is located at 11th and Court Streets. There are entrances on the north, east, and south sides of the sanctuary.

The length of time assigned to each wedding is 3 ½ hours. This includes time for the bridal party to dress at the church, before and after wedding photos, and the wedding ceremony. Please coordinate with the wedding party, and Wedding Coordinator, Jewell Lowe, on the time you will be taking photographs. If you need more time for photographs, you will need to coordinate this with the wedding couple **and** the Wedding Coordinator.

The wedding prelude music is 30 minutes before the wedding ceremony begins. There will be no photos with flash taken during the ceremony. You will not be allowed at the altar area after the prelude music begins. Nor will you be able to move about in the sanctuary area during the ceremony. You will be allowed to photograph the processional as long as you remain behind the 7th pew from the back of the Church.

Thank you for your cooperation with these policies.
